

CERTIFICATE OF REGISTRY

Tracking Number
BMA-REG-19367-25

Issued by **The Bahamas Maritime Authority**, under the authority of the Government of **The Commonwealth of The Bahamas**.

Particulars of Ship

Official Number: **7001706**
Port of Registry: **Nassau**
Year of Registry: **HK0014/2025**
Name of Ship: **SAGA VOYAGER**

IMO Number: **9233454**
MMSI Number: **311 001 629**
Call Sign: **C6IC2**

Building Details

Where built: - town: **Saikai City**
- country: **Japan**
Year built, remeasured or rebuilt: **2001**

Propulsion and Engine Details

Propulsion: **Single Screw**
Type of Engines: **Internal Combustion**
Total Power: **9510 KW**

Vessel Type, Dimensions and Hull Materials

Ship Type: **General Cargo Ship**
Hull Material: **Steel**

Length: **191.09** metres
Breadth: **30.50** metres
Depth: **16.40** metres

Particulars of Tonnage

The tonnages of this ship in accordance with her Tonnage Certificate* are:-

GROSS TONNAGE: **29867**

NET TONNAGE: **14529**

A detailed summary of the tonnages for this ship is shown on the Tonnage Certificate*

I, the undersigned, Registrar of Bahamian Ships at the Port of **Hong Kong**, hereby certify that the ship, the description of which is prefixed to this my Certificate, has been duly surveyed, and that the above description is in accordance with the official register; and that the name, residence and description of the Owner(s), and the number of sixty-four shares held are as follows:-

Name, Residence and Occupation of the Owner

Number of Sixty-Four Shares

SAGA SHIPHOLDING (NORWAY) AS
Tollbodgaten 22
3111 Tonsberg
Norway

64

*Registrar of Bahamian Ships. **Jahangir Hussain***
*Issued at Hong Kong on **25 April 2025***

This document is signed electronically in accordance with IMO FAL.5/Circ.39/Rev.2. Validation and authentication can be obtained from **<https://public.bahamasmaritime.com/verifycertificate>** using the QR code or Unique Tracking Number shown at the top of this certificate.

NOTE – A Certificate of Registry is not a document of title. It does not necessarily contain all changes of ownership, and in no case does it contain an official record of any mortgages affecting the ship.

In case of any change of ownership, it is important for the protection of the interests of all parties that such change be registered in accordance with the law. Therefore, any change should be notified to a Registrar immediately.

Should the vessel be lost, sold or broken up, notice thereof, together with the Certificate of Registry, if in existence, should immediately be given to a Registrar of Bahamian Ships.

*- Issued in accordance with the Merchant Shipping (Tonnage) Regulations 1982.

MINIMUM SAFE MANNING DOCUMENT

Tracking Number
BMA-SM-2437-25

Issued by **The Bahamas Maritime Authority**, under the authority of the Government of **The Commonwealth of The Bahamas**.
under the provisions of regulation V/14 of the International Convention on the Safety of Life at Sea, 1974, as amended and pursuant to regulation 24 of The Bahamas Merchant Shipping (Training, Certification, Manning and Watchkeeping) Regulations 2011

Particulars of the ship:

Name of Ship	Port of Registry	IMO Number	Official Number
SAGA VOYAGER	Nassau	9233454	7001706
Gross Tonnage	Main Propulsion Power - (KW/BHP)	Type of Ship	Call Sign
29867	9510 KW	General Cargo Ship	C6IC2

Trading Area: Worldwide
Operating Company: Anglo-Eastern Ship Management Limited

The ship named in this document is to be considered to be safely manned if, when it proceeds to sea, it carries not less than the number and grades/capacities of personnel specified in the table below, subject to any attached conditions. The certificate and training are in reference to the STCW 1978, as amended.

Grade / Capacity	Certificate / Training	Number of Persons Condition 1	Number of Persons Condition 2	Grade / Capacity	Certificate / Training	Number of Persons Condition 1	Number of Persons Condition 2
Master	II/2	1	-	Chief Engineer	III/2	1	-
Offshore Installation Manager	-	-	-	Maintenance Supervisor	-	-	-
Chief Mate	II/2	1	-	Second Engineer	III/2	1	-
Officer in Charge of a Navigational Watch	II/1	2	-	Barge Supervisor	-	-	-
Ballast Control Operator	-	-	-	Officer in Charge of an Engineering Watch	III/1	1	-
Able Seafarer Deck	II/5	2	-	Electro-Technical Officer	-	-	-
Rating (Navigational Watch)	II/4	3	-	Able Seafarer Engine	III/5	1	-
Ship Cook	*	1	-	Electro-Technical Rating	-	-	-
Doctor	-	-	-	Rating (Engine-room Watch)	III/4	1	-
Other	-	-	-	Other	-	-	-
Periodically Unattended Machinery Space						Yes	
Special requirements or conditions if any:							
See Conditions Overleaf.							

Issued at **Hong Kong** on **17 January 2025**

Date of Expiry: **17 January 2030**

Name of authorised official: **Jahangir Hussain**

This document is signed electronically in accordance with IMO FAL.5/Circ.39/Rev.2. Validation and authentication can be obtained from **<https://public.bahamasmaritime.com/verifycertificate>** using the QR code or Unique Tracking Number shown at the top of this certificate.

GENERAL CONDITIONS

1. This document gives a scale of manning that may be considered as the “minimum safe manning” (except for the exemption clause in paragraph 6) for the vessel to be efficiently and sufficiently manned.
2. All persons shall be duly trained for their assigned shipboard duties and if assigned shipboard safety, security or pollution-prevention duties, the person shall have the appropriate STCW training or instructions.
3. Where the document is based on periodically unattended machinery space (commonly referred to as UMS) and less than 3 watchkeeping Engineering officers are onboard, the vessel shall carry one extra watch-keeping engineer officer if the system is not operational for more than 7 days. In this respect, the Class notation should be taken as the guiding document.
4. The Company may employ more persons than that specified in this document provided that a) there is appropriate accommodation and provisions as per MLC 2006 and b) sufficient life saving appliances as per the related Safety Equipment Certificate.
5. If the ship is laid up or otherwise out of operation, then the Company must undertake an assessment and decide in consultation with the local authority on the level of manning considered safe to meet any emergency situation.
6. If a person specified on the document has been signed off on medical or exceptional grounds, the ship may sail as a matter of force-majeure for a period not exceeding 14 days or until arrival at a port as determined by the BMA with one person less than that stipulated in manning level overleaf, provided that the shortage does not relate to the Master, Chief Engineer or the only GMDSS Operator. The ship must always have at least one navigation officer other than the Master. The conditions specified in BMA Marine Notice MN-018 are applicable in relation to shortage of personnel.
7. It is a requirement for a Bahamian ship to carry at least two GMDSS operators and on passenger ships, one such person shall be assigned the sole duty of radio-communication during a period of emergency distress.
8. It is the responsibility of the Company to ensure that all persons employed on board are given STCW “Safety Familiarisation Training or Instruction” prior to being assigned shipboard duties. For ships to which the ISPS Code applies, it is the responsibility of the Company to ensure that all persons employed on board are given STCW “Security-related Familiarisation” and hold the relevant security training qualification prior to being assigned shipboard duties.
9. The Company shall ensure that there are sufficient number of duly qualified persons (as per SOLAS requirements) to take charge and assist with the launching of the survival craft(s).
10. The ship shall have at least one person designated to provide medical care. If the ship has 100 or more persons onboard and the ship is more than 36 hours from a port with medical facilities and person qualified in medical care, a qualified medical doctor shall be carried.
11. Persons serving on tankers, passenger ships, vessels operating in polar regions, vessels using low-flashpoints fuels (IGF) and High-Speed Crafts (HSC), and dependent on their assigned shipboard duties, may require additional training and certification, as required under STCW Chapter V, and the HSC Code. For service on Mobile Offshore Units, persons dependent on their assigned shipboard duties may require additional training and certification in accordance with IMO Resolution A.1079 (28).
12. The Ship Cook shall be duly trained and have documentary evidence of training. Any person assigned tasks to process food shall be trained or instructed in food and health areas including food and personal hygiene, handling and storage of food onboard ship. Where a qualified Ship Cook has been signed off on medical or exceptional grounds, the vessel may sail for a period not exceeding one month or until arrival at a port as determined by the BMA subject to a person being designated the task of processing food.
13. Unless otherwise stated, “near coastal voyages” are voyages not exceeding 60 nm from the nearest port of refuge.
14. BMA Marine Notices MN-015 & MN-018 form an attachment to this Minimum Safe Manning Document.

INTERNATIONAL SHIP SECURITY CERTIFICATE

Certificate No:
nN2642128-hfy
DNV Id No:
22648
Date of issue:
2025-01-26

Issued under the provisions of the INTERNATIONAL CODE FOR THE SECURITY OF SHIPS AND OF PORT FACILITIES (ISPS CODE), as amended

under the authority of the Government of

THE COMMONWEALTH OF THE BAHAMAS

by DNV

Particulars of ship

Name of Ship:	SAGA VOYAGER
Distinctive Number or Letters:	C6IC2
Port of Registry:	NASSAU
Type of Ship:	Other cargo ship (Multi-purpose)
Gross Tonnage:	29867
IMO Number:	9233454

Particulars of Company

Company Name:	Anglo-Eastern Ship Management Limited
Company Address:	17/F, Kingston International Centre 19 Wang Chiu Road Kowloon Bay, Kowloon
	HONG KONG
Company Identification Number:	0522961

This is to certify:

1. that the security system and any associated security equipment of the ship has been verified in accordance with section 19.1 of part A of the ISPS Code;
2. that the verification showed that the security system and any associated security equipment of the ship is in all respects satisfactory and that the ship complies with the applicable requirements of chapter XI-2 of the Convention and part A of the ISPS Code;
3. that the ship is provided with an approved ship security plan.

Date of initial / renewal verification on which this Certificate is based: **2025-01-26**

LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees ("DNV") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD.

Certificate No: **nN2642128-hfy**
Date of issue: **2025-01-26**

This Certificate is valid until **2030-03-19**, subject to verifications in accordance with section 19.1.1 of part A of the ISPS Code

issued at **Shanghai, China** on **2025-01-26**

for **DNV**

*This document is signed electronically in accordance with IMO
FAL.5/Circ.39/Rev.2. Validation and authentication can be obtained from
trust.dnv.com by using the Unique Tracking Number (UTN):

SUPPLEMENT TO THE INTERNATIONAL OIL POLLUTION PREVENTION CERTIFICATE (IOPP CERTIFICATE)

Certificate No:
n1667837-skp
DNV Id No:
22648
Date of issue:
2021-12-03

RECORD OF CONSTRUCTION AND EQUIPMENT FOR SHIPS OTHER THAN OIL TANKERS (FORM A)

in respect of the provisions of Annex I of the International Convention for the Prevention of Pollution from Ships, 1973, as modified by the Protocol of 1978 relating thereto (hereinafter referred to as "the Convention").

This form is to be used for the third type of ships as categorized in the IOPP Certificate, i.e. "ships other than any of the above". For oil tankers and ships other than oil tankers with cargo tanks coming under Regulation 2.2 of Annex I of the Convention, Form B shall be used.

This Record shall be permanently attached to the IOPP Certificate. The IOPP Certificate shall be available on board the ship at all times.

Entries in boxes shall be made by inserting either a cross (x) for the answers "yes" and "applicable" or a dash (-) for the answers "no" and "not applicable" as appropriate.

Regulations mentioned in this Record refer to Regulations of Annex I of the Convention and resolutions refer to those adopted by the International Maritime Organization.

1. Particulars of Ship

1.1	Name of ship	"SAGA VOYAGER"
1.2	Distinctive number or letters	HK-0788
	IMO number	9233454
1.3	Port of registry	HONG KONG
1.4	Gross tonnage	29867
1.5	Date of build:	
1.5.1	Date of building contract:	-
1.5.2	Date on which keel was laid or ship was at a similar stage of construction:	2001-05-30
1.5.3	Date of delivery:	2001-12-13
1.6	Major conversion (if applicable):	
1.6.1	Date of conversion contract:	-
1.6.2	Date on which conversion was commenced:	-
1.6.3	Date of completion of conversion:	-
1.7	The ship has been accepted by the administration as a "ship delivered on or before 31 December 1979" under Regulation 1.28.1 due to unforeseen delay in delivery	☐

2. Equipment for the control of oil discharge from machinery space bilges and oil fuel tanks (Regulations 16 and 14)

2.1	Carriage of ballast water in oil fuel tanks	
2.1.1	The ship may under normal conditions carry ballast water in oil tanks	☐

LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees ("DNV") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD, and any claims made against DNV based upon alleged defective services provided by DNV to designers, yards, manufacturers or other stakeholders in the newbuilding process shall under any circumstance be time-barred if made later than 12 months from delivery of the vessel. Based upon written request to the DNV legal entity which has issued this document, a higher limitation of liability may be agreed on a case-by-case basis.

Tank Identification (This table is used only in connection with waivers in accordance with Regulation 14.5)	Tank Location		Volume (m³)
	Frames (from-to)	Lateral Position (P-C-S)	
Total volume			

1 Equipment installed on ships keel laid on or after 30 April 1994 should be in accordance with Resolution MEPC.60(33).
2 Equipment installed on ships keel laid on or after 1st January 2005 or new installations fitted onboard ships on or after 1st January 2005 should be according to Resolution MEPC.107(49).

3. Means for retention and disposal of oil residues (sludge) and oily bilge water holding tank(s)
³ (Regulation 12)

3.1 The ship is provided with oil residue (sludge) tanks for retention of oil residues (sludge) on board as follows:

Tank Identification	Tank Location		Volume (m ³)
	Frames (from-to)	Lateral Position (P-C-S)	
Bilge Separator Oil Tank	20-25	P	11.60
Sludge Tank	27-30	S	3.60
No. 1 Waste Oil Service Tank	12-14	P	2.50
No. 2 Waste Oil Service Tank	10-12	P	2.50
Total volume			20.30

3.2 Means for the disposal of oil residues (sludge) retained in oil residue (sludge) tanks:

- 3.2.1 Incinerator for oil residues (sludge) ☒
- 3.2.2 Auxiliary boiler suitable for burning oil residues (sludge) ☐
- 3.2.3 Other acceptable means, state which: ☐

3.3 The ship is provided with holding tank(s) for the retention on board of oily bilge water as follows:

Tank Identification	Tank Location		Volume (m ³)
	Frames (from-to)	Lateral Position (P-C-S)	
Bilge Tank	10-16	C	25.10
Total volume			25.10

4. Standard discharge connection (Regulation 13)

4.1 The ship is provided with a pipeline for the discharge of residues from machinery bilges and sludges to reception facilities, fitted with a standard discharge connection in accordance with Regulation 13 ☒

5. Shipboard oil/marine pollution emergency plan (SOPEP / SMPEP)
(Regulation 37)

5.1 The ship is provided with Shipboard Oil Pollution Emergency Plan in compliance with Regulation 37 ☒

5.2 The ship is provided with a Shipboard Marine Pollution Emergency Plan in compliance with Regulation 37.3 ☐

6. Exemption

6.1 Exemptions have been granted by the Administration from the requirements of Chapter 3 of Annex I of the Convention in accordance with Regulation 3.1 on those items listed under paragraph(s) of this Record ☐

7. Equivalents (Regulation 5)

7.1 Equivalents have been approved by the Administration for certain requirements of Annex I listed under paragraph(s) of this Record ☐

³ Oily bilge water holding tank(s) are not required by the Convention, if such tank(s) are provided they shall be listed in table under paragraph 3.3

8. Compliance with part II-A - chapter 1 of the Polar Code

- 8.1 This ship is in compliance with additional requirements in the environment-related provisions of the Introduction and section 1.2 of chapter 1 of part II-A of the Polar Code ☐

THIS IS TO CERTIFY that this Record is correct in all respects.
